your finished sign

Blackboard Tin Metal Signs

The application of chalkboard colour turns our tin metal signs into ... chalkboards!

A wide range of lamps is available.
Put a spot-light on your P.O.S. sign
and highlight its appearance.

Magnetic Metal Pins

High resolution offset printing
on 0.5 mm sheet metal, cut-out contours
and a variety of magnets - our metal pins.
Just use your imagination.

Magnets are great
for variable information boards.

Tin Metal Trays

We use a thickness of approx. 0.5 mm.
Trays can be printed on the interior/exterior
by offset. Anti-skid layer.
Minimum edition 2000 pcs.

Why not equip your partners in gastronomy
with a lustrous tray?
Kindly enquire about details and our attractive prices.
